

**NHLBI Dynamic Registry Analysis in Progress  
March 2008**

| Analysis Title  | Authorship   | Status   |
|---|--|--|
| BMS vs DES as resolution of a dissection during procedure   | Vliek ( <a href="mailto:cvliek@medicine@umaryland.edu">cvliek@medicine@umaryland.edu</a> ), Zimrin, Vlachos  | Sent initial analyses.                                   |
| Risk score to predict in-hospital death following primary PCI   | Srinivas ( <a href="mailto:vsriniva@montefiore.org">vsriniva@montefiore.org</a> ), Selzer, Vlachos, Kartik   | Analysis in-progress.                                    |
| Comparison of DES vs. BMS in patients with EF <sub>≤</sub> 40   | Naidu ( <a href="mailto:Naidu@att.net">Naidu@att.net</a> ), Selzer, Vlachos, Holper, Holmes  | ESC 2008 abstract submitted.                             |
| Timing of PCI for patients with Unstable Angina or NSTEMI Acute MI  | Holper ( <a href="mailto:elizabeth.holper@utsouthwestern.edu">elizabeth.holper@utsouthwestern.edu</a> ), Selzer, Vlachos Jacobs, Wilensky, Williams, Laskey, Slater, Aronow, Faxon | Updated analysis sent. Manuscript in progress.           |
| A Comparison of Drug-eluting and Bare Metal Stents for Saphenous Vein Graft Lesions: A Report from the National Heart, Lung, and Blood Institute Dynamic Registry | Baldwin ( <a href="mailto:Dbaldwin@Lifespan.org">Dbaldwin@Lifespan.org</a> ), Trost, Abbott, Doucet, Vlachos, Glaser, Wilensky, Slater, Aronow, Beohar, Williams                   | ACC/SCAI 2008 oral presentation. Manuscript in progress. |
| Underutilization of Clopidogrel Pre-treatment in the NHLBI Dynamic PCI Registry: A Missed Opportunity?  | Aronow ( <a href="mailto:haronow@michiganheart.com">haronow@michiganheart.com</a> ), Glaser, Selzer, Abbott, Williams, Naidu, Shapiro, Kip, Kelsey                                 | ACC/SCAI 2008 e-poster presentation.                     |
| Blood Transfusion Associated with Death in Patients Undergoing PCI in the NHLBI Dynamic Registry  | Krichavsky ( <a href="mailto:marc.krichavsky@bmc.org">marc.krichavsky@bmc.org</a> ), Nedeljkovic, Selzer, Slater, Jacobs   | ACC/SCAI 2008 e-poster presentation.                     |
| Pre and peri procedural use of bivalirudin vs. heparin in PCI patients  | Iqbal, Slater ( <a href="mailto:james.slater@nyumc.org">james.slater@nyumc.org</a> ), Glaser, Aronow, Selzer   | Analysis in progress.                                    |
| 5-year ischemic events in patients undergoing PCI (wave 2)  | Glaser ( <a href="mailto:rglaser@mail.med.upenn.edu">rglaser@mail.med.upenn.edu</a> ), Selzer, Gertz, Laskey, Marroquin, Kip, Aronow, Wilensky                                     | Presented ACC/SCAI 2007.                                 |
| Higher Clopidogrel Loading Dose is Associated With Less Frequent Ischemic Complications Following PCI: Insights from the NHLBI Dynamic Registry                   | Aronow( <a href="mailto:haronow@michiganheart.com">haronow@michiganheart.com</a> ), Glaser, Selzer, Abbott, Williams, Naidu, Shapiro, Kip  | Presented at AHA 2007.                                   |
| Temporal Changes in the Outcomes of Patients with Diabetes Mellitus Undergoing PCI in the NHLBI Dynamic Registry  | Holper ( <a href="mailto:elizabeth.holper@utsouthwestern.edu">elizabeth.holper@utsouthwestern.edu</a> ), Abbott, Mulukutla, Vlachos, Faxon, Laskey, Srinivas, Marroquin, Jacobs    | Analysis to be updated (wave 5). Manuscript in progress. |
| Race and longer-term outcomes   | Marroquin ( <a href="mailto:marroquinoc@upmc.edu">marroquinoc@upmc.edu</a> ), Vlachos, Mulukutla, Kip, Selzer, Slater, Wilensky, Naidu, Williams, Laskey, Kelsey                   | Presented at AHA 2006. Updated analysis planned.         |
| Repeat revascularization Risk of Death and Myocardial Infarction in Patients With and Without Repeat Revascularization Following Stenting                         | Abbott ( <a href="mailto:JAbbott@Lifespan.org">JAbbott@Lifespan.org</a> ), Vlachos, Selzer, Kip, Marroquin, Williams   | Presented at TCT 2007.                                   |
